ADDITIONAL COSTS

Sept 2016

There is a \$40 fee for setting your supplied artwork for print and for sending you a proof for approval before production commences. It is preferable and more reliable to send us a ready to play master CD/DVD. However, if this is not possible and we have to download files and/or create a new master from supplied files then an additional cost of \$35 will apply. Also if you require us to make alterations to your supplied artwork you may incur additional costs. These fees are a one-off cost and do not apply when you do a new order.

We can design your CD package artwork. Average cost is from \$140 to a maximum of \$280. All prices exclude GST.
